Message

The College Education Development Project (CEDP) is a journey from darkness to light. In the light of the National Education Policy 2010, the government has taken various initiatives to meet the challenges of the 21st century by providing quality higher education to the new generation and turning them into skilled human resources. Following this, Bangladesh University Grants Commission and National University are implementing the project under the auspices of the Secondary and Higher Education Department of the Ministry of Education. Shahid Smriti Government College, Muktagacha, Mymensingh got new dimension in development activities by being included in the Institutional Development Grant (IDG). The college has already become enlightened from its dilapidated condition. Ignoring the Corona situation, the tireless work of the college's CEDP sub-project team has significantly improved the learning environment of the college. Modernization of nine classrooms, setting up of a computer lab, setting up of an online based classroom (Digital studio), renovation of sub-project office, renovation of nine departmental offices and purchase of modern facilities and purchase of furniture, purchase of 1317 copies new books, a server station repair and renovations, two special bathroom renovations, a connecting road renovation are being widely acclaimed, Desktop, laptop, printer, scanner, Photocopier, Multimedia Projector and Related services, Online UPS, Generator & Optical mark reader Machine and Related Services for multipurpose Computer lab, Online Classroom & Multipurpose Auditorium, Purified drinking water supply Plant, Renovation and Refurbishment of Auditorium & Classrooms. Overall, this college has been selected as one of the top 20 colleges by CEDP. Undoubtedly it is a matter of joy and pride. Colleagues from nearby IDG College have been visiting the activities of the college sub-project office at different times. The development work of the college is being widely praised in elite society. Although this activity has been hampered by the ongoing Corona situation around the world, we have been able to achieve this with the sincerity of the team members.

Hopefully, the unfinished works will be implemented soon in the current financial year. I am grateful to the CEDP Authority for their sincere cooperation in this achievement of the college located at the upazila level in remote areas.

I hope we can play our part in achieving the government's goals by achieving more success in the days ahead.

Chapter- 1
Introduction
Brief History of Shahid Smriti Govt. College

Muktagacha Upazilla under Mymensingh district is renowned for its history and culture. It is well known to the people of home and abroad for the zamindars (landlords) who had influential role during the British regime. The palace of Muktagacha Zamindars attracts foreigners and a lot of tourists around the country. Despite being a hub of tradition and culture, no institution for higher education was set up in Muktagacha during the 1960s. It was the ardent wish of the local people to see a college established here for the higher education of their dear and near ones.

To fulfill the dream of the mass people, some distinguished persons of the area came forward with definite purpose and goal. Among them were politicians, educationalists, businessmen and social elites. Some govt. officials of the district also put their sincere efforts to make the noble dream come true. With the effort of all these great souls, on the 1st July of 1967 a college by the name ‘Muktagacha College’ was established in the abandoned **Jamindarbari of Maharaja Suryakant Acharya Chowdhury**. Later the property was leased for 99 years in favour of the college. From the inception of the college many education enthusiasts came forward with donation of money and property for the smooth running of the institution.

During the liberation war of Bangladesh, the college was used as training camp for young freedom fighters and many students of the college took part in the war of liberation. Some were martyred in the war. To keep the memory of the freedom fighters alive, after the war a proposal was made to rename the college as ‘Shahid Smriti College’. The proposal was presented and accepted in the ad-hoc committee of the then governing body of the college which was presided over by Khandaker Abdul Malek Shahidullah, the then member of the Ganaparishad (parliament).

Considering the overall performance of the college- the quality of education it provided and the eminence it attained, the Govt. of Bangladesh nationalized the college on 01/03/1980 and after nationalization the sub-title ‘govt.’ is added to the name of the college making it ‘Shahid Smriti Govt. College’. From the very beginning, the college is fulfilling its desired goal by ensuring quality education to the students of HSC and BA (pass) level.

Over time, with the help from the local elites, the volume of activity of the college has increased much. The students have increased manifold over the years. From session 2010-11 honours courses were introduced in five subjects namely Bengali, English, Economics, Social Welfare and Accounting. From 2011-12 Political Science and Management were added to the list. Masters (final) course was introduced from session 2016-17 in three subjects namely Bengali, Political Science and Management. To cope with the increasing demands, National

University has increased the number of seats in various departments. It has now become one of the foremost colleges of the district. The college authority hopes that Honours course in the remaining subjects including Islamic History and Culture, Islamic Studies, Chemistry, Physics, Biology and Mathematics will be opened soon with support from proper authority.

At present the college has the post of 52 BCS Cadre officers with different ranks and positions ranging from Lecturer to Professor. Besides 23 govt. employees and 28 non govt. employees are engaged in different posts of the college. The college has rich scientific collections in laboratories and good collection of books in the library.

To imbibe students with the spirit of liberation war, a Liberation War Corner has been established. With Support from CEDP (College Education Development Project) a lot of development activities are running in the college to improve the academic atmosphere of the college. The activities include the refurbishing of the departments, improving classroom environments, setting up of an ICT lab, renovation of Bangabandhu auditorium and so on.

Structural inadequacies: Inadequate classrooms compared to the number of students-

Situated in the western border of the district Mymensingh, Muktagacha Upazilla can boast of having one of the well-established colleges of the area. For this establishment the teachers, the staffs and students of the college have to put great labour and endeavour. In the examinations run by the education board and National University, the students show their excellence in different educational activities and achieve good results time and again. As a consequence, the college has a positive evaluation among students and guardians around the district. The number of students exceeds 10832 and the college suffers greatly from the inadequacy of classrooms to accommodate all students.

No hostel facility available for the students:

For the advantage in position, Muktagacha has good communication network with the neighbouring districts and upazillas. As a result, Students from the upazillas Phulpur, Fulbaria, Trishal, Iswarganj, Nandail, Haluaghat, Dhobaura, Kendua and Durgapur frequently try to get admitted in this college Students from the districts of Jamalpur, Tangail and Sunamganj also come to be admitted in this renowned college. But as there is no hostel facility in the college, students have to stay in mess houses with little hygiene and more expense. In this situation it has become necessary to establish at least two hostels- one for boys students and one for girls.

No separate library building in the college yet:

Although a college of huge potentials, Shahid Smriti Govt. College, Muktagacha does not have separate library building. It has now become imperative to build up a separate library building for attaining up to date knowledge in different subjects.

An administrative building yet to be built:

To fulfill the growing needs of the students the college needs a well-furnished academic building. The college does not have any academic building at present. The abandoned building of **Maharaja Suryakant Acharya Chowdhury** is repaired to some extent to make it usable. There are no suitable rooms for Principal and Vice-Principal. Now it has become a necessity to build up separate administrative building. Kajol Kota, the proposed second campus of the building can house a modernized academic building with all facilities. Financial and banking activities have become a part of the college. Establishing a branch of a bank has also become necessary in the college campus.

Little opportunities for games and sports:

In the past games and sports were occasionally held in the attached little open space in front of the college. For lack of protection, the ground was mostly illegally used by local transport owners. The incumbent principal of the college Professor Md. Idris Ali released the pound from illegal use. Now a six storied building is under construction there. The building is being built under the project 'Extending science facilities for govt. colleges.' Now the college needs new playground, gymnasium and similar structures.

Principal's quarter or quarter for essential staffs not available in the campus:

At present the college does not have any principals quarter or quarter for essential staffs of the college. It is hoped that if such quarter is established, the college will be benefitted much.

Dormitory for teachers- a demand of the time:

At present there is no dormitory facility in the college for Teachers which is a big obstacle for the college. For want of adequate space in the old campus, such dormitory cannot be built. So creating a second campus can be a good way to solve the problem.

Lack of proper infrastructure:

The education loving people of the area are full of new hopes for successful implementation of the new campus in kajal kota as envisioned by the honourable State Minister of Cultural Affairs Mr. K M Khalid M.P. They hope the kajal kota will open the door to new possibilities under education-friendly government Programmed.

Potentials : Education-loving people

Mymensingh district is well-known all over the country as a city of education. Muktagacha upazillas is no exception. The people of the town are education loving. They have rich culture and tradition. In the past the well-known Zamindars (land lords) played pioneering role in establishing educational institutions. The common people and the elites of Muktagacha want to see their town retain the old glory. They have great expectations from their elected

representatives to the parliament. They have great expectations from the current pro-development govt.

Honourable state Minister for cultural affairs committed to the development of Muktagacha:

K M Khalid MP, honourable State Minister for cultural affairs is committed to the development of Muktagacha, his constituency. He has a far-sighted plan about Muktagacha. He is a friend of the local people and he thinks about the welfare of the people living in the area. Govt. Shahid Smriti College has always been a priority in his development thought. He has personally visited the kajal kota the site and is bent on implementing development program there. The college authority highly appreciates his plan and is determined to go forward to fulfill the dream. An efficient team led by CEDP Project Director A.K.M Muklesur Rahman (additional Secretary) paid visit to the proposed 2nd campus. Engineer Yousuf Ali and Local representative Alhaj Arob Ali also participated the team. They thoroughly inspected the place. Their opinions were satisfactory over the possibility to establish a second campus there.

Conclusion:

Historically and traditionally Muktagacha is well known all over the country as an ancient city and municipality. Once it was the administrative centre and also the centre of economic activities. The town is well known for its patronizing role in spreading learning. Now Shahid Smriti Govt. College is taking pioneering role in spreading higher education in the area. The number of HSE passed students from this institution is increasing their enrollment in various re-powered educational institutions including BUET, Govt. Medical College & Public University every year. The people of the area are hopeful that with the construction of the second campus at kajal kota, the activities of the college will be further accelerated and the college will be a model to be followed by others.

After overcoming COVID 19 situation blending education is going on.

Highlights of Student Activities of the Year

Academic:

- **Classroom Performance:** Classroom performance is an example of student response system. It is the key of learning. It allows the students to take part actively in the process of learning. Still our students are less inquisitive, but we have been trying to encourage them asking questions which is most important factor of inquisitiveness. And students are gradually responding to this system. We have succeeded a lot in doing so.
- **Sitting for examinations (Internal & External):** Sitting for examination is the conventional feedback of learning system. Though it is directly related to the academic recognition, students are very keen to attend all kinds of feedback on examination performance. Here the participation of the learners is almost 92%.

Extra-curricular Activities:

- **Sports:** Cannot be arranged due to the pandemic situation.
- **Cultural Activities:** Cannot be arranged due to the pandemic situation.
- **Social Activities:** The Red Crescent arranged a blood donation camp in the last fiscal year. They also distributed warm clothes and blankets among the poor people in the last winter. Rover Scouts unit also play roles to keep the campus clean once a month, take part disciplinary activities and march-past during the celebration of the national days.

Concluding Remarks

Overall Assessment of Performance of the Last year and Key Target for the Next Year

The termination of COVID-19 pandemic situation is leading to normal activities of college administration, teachers, staff & students. They coped themselves with academic and administrative activities as per instructions and circulars of higher authorities. Various types of infrastructural renovation works completed (renovation and refurbishment of departmental offices, classrooms, CEDP sub project office, connecting pavement, wash blocks, server room, principal's room) and procure various types of goods (furniture & fixtures, Books, lights, fans, multi-media projectors, laptops, desktops, printers, scanners, online classroom materials etc.). This college has been selected as one of the top 20 colleges by CEDP. Undoubtedly it is a matter of joy and pride. Obviously this position was the recognition of our activities for last year as well as it make us more responsible for future performance. Colleagues from nearby IDG College have been visiting the activities of the college sub-project office at different times. The development work of the college is being widely praised in elite society. Although this activity has been hampered by the ongoing Corona situation around the world, we have been able to achieve this with the sincerity of the team members.

1. We will ensure infrastructural renovation and refurbishment, procurement of goods, campus networking, software development, smart board set up etc in upcoming year.
2. According to the circulars & instructions of controlling authorities blending education & direct education.
3. We will arrange more in-house training programs, national and international webinars, cultural competition on virtual platforms, awareness programs and so on.
4. Evaluation systems will be introduced to ensure the professional commitment of the teachers and the employees as well.
5. They are trying remove the back los activities .
